BENEFITS OF ULTRASONICS

- Reduces cleaning/ labour time
- Environmentally friendly
- Consistent results
- Non-hazardous
- Economical
- Water saving
- Council compliant

A new year commences and we look forward to success and prosperity to all of our customers.

WEBSITE

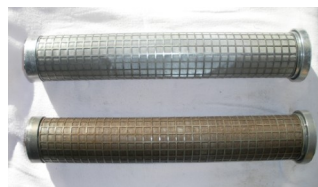

We are continually updating our website to make it easier to use and even more informative. Check it out at

www.ultrasonics.net.au

MAINTENANCE

Our immediate plans are to ensure all our customers are getting the best from their ultrasonic equipment. We will be emphasising the need for preventative maintenance , correct operation and using the best cleaning solution.

A SERVICE call can be booked at any time but keep a look out for our 'specials' when we offer reduced priced servicing in specific regions. Taking advantage of these can be quite economical.

Before and after filter cleaning

Using our FX-Degreaser product

ULTRASONIC CHEMICALS

One recent website improvement is in our CHEMICALS pages. Click on the link and you will find descriptions, technical bulletins and prices of our main cleaning products and their uses. We can't emphasize enough the benefits of using the right product to achieve the very best results.

If you would like to know more about which products best suit your application, please give us a call or send an email to ecoclean@ultrasonics.net.au

SPECIALS

Our specials are now running out but we do have three ex-demo counter top units available. If you interested in a 12, 17 or 30 litre machine call us soon!

ECOGP-30

CLEANING SERVICE

Just a reminder that we have a comprehensive cleaning service at Maroochydore for customers with an intermittent or low cleaning demand. We are happy to test clean items as a complimentary service and quote on cleaning, once provided with dimensions,

MACHINE UPGRADES

As the years pass and business operations change & grow, the need for newer, larger or more powerful ultrasonic cleaning may arise. If you would like to consider an upgrade, we would be happy to assess you existing equipment and quote you on a **trade in** package. Give us a call or email some information and pictures to sales@ultrasonics.net.au

Q : How does ultrasonics work?

A : [Click here to find out](#)

Our contact details are: 7/100 Sugar Rd, Maroochydore, QLD 4558
