-DESLUDGE-

DESCRIPTION:
DESLUDGE is a completely and rapidly biodegradable cleaner and broad spectrum disinfectant. DESLUDGE contains naturally derived solvent, blended vegetable oil surfactants and phosphate free water conditioners and dispersants. DESLUDGE is very concentrated and provides rapid penetration and removal of most soils off a variety of surfaces. DESLUDGE is seawater compatible for marine applications and can be used on any washable surface. NZFSA Approved C32 (all animal products except dairy).

APPLICATIONS:	Suggested Dilution	APPLICATIONS:	Suggested Dilution
Removing grease and oil from bitumen/concrete/extreme cases	1:10/1:5/1:2	Carpet cleaning: spots	1:20
Carpet Cleaning through machine	1:30	Car washing (external through pressure spray) or Water blasting & steam cleaning.	1:60
Chrome & Steel	1:20	Floors: Daily/stripping polish	1:60/1:10
Glass cleaner – spray & wipe	1:100	Kitchen equipment: loose items soak/wipe on, wipe off/baked and burnt pans soak	1:20/1:40/1:10
Marine: hulls & deck/ bilges, oil and grease	1:20/1:10	Metal degreasing: heavy/light	1:20/1:40
Roofs or pathways	1:20	Showers & baths spray and wipe	1:20
Walls: ingrained dirt/light dirt/fire smoke/cigarette smoke/ extreme cases, quality paint only	1:10/1:40/1:10/1:30/1:5	Upholstery: spot gleaning/general	1:10/1:30

INSTRUCTIONS:
Dilute accordingly and spray, brush or soak. Allow to dwell for 1-2 minutes then rinse or wipe off. For food surfaces rinse thoroughly with potable water.

Test fabrics and carpets for colour fastness. When using strong concentrations on old paint, test effect on paintwork.

DESLUDGE, by way of its cationic ingredient, will disinfect effectively at dilutions of up to 1:30 parts water. Due to the lower molecular weight for disinfecting ingredients with other Tergo disinfectants, these may offer higher disinfecting properties and/or increased dilution levels. The cleaning operation, however, may not be as efficient.

PROPERTIES:
Concentrated
Non-flammable
Rapidly biodegradable
Phosphate free
Compatible and effective with sea water
Disinfectant (Quaternary Ammonium Chloride)
